### Brief Description of Work to take place (Required):

---

---

Each exterior modification requires its own application. Multiple items cannot be submitted on one application.

Please fill out the applicable section for your request. Please make sure all required documentation is submitted with your request as applicable for the section you are submitting for. You are required to check with and meet all local, County, City and State Code and Regulations for permitting. Association is not responsible for owners to pull permits. Owners must make sure they check with all local and State authorities before performing any work. By signing this form above you are agreeing to the terms set forth by this document. Any changes that are made that have not been approved will consider the approval null and void and a new application will be required. Any changes that are not approved will be required to be reverted to the original approval or original state and condition before submitting the application.

**Owners must ensure vendors do not obstruct roadways or flow of traffic. All construction debris must be removed and picked up the same day promptly.**

**You must check this box that you acknowledge the above statement. Form will be returned if not checked**

**Your signature whether written or electronically signed is consent to this document.**

**Please note: ☐ This is a check box so you know what information to include with your request. These are required items.**

**Section 1 - Paint** – You are required to submit a color from the current approved color book. No re-painting home same color, if the color is no longer an approved color scheme. You must list the colors on the form. No mixing and matching of scheme permitted. One complete color scheme must be selected from the book. Available via email. Flat exterior paint only to be used. All colors must be listed with their color number. Approved front door color for any scheme - SW6395 Alchemy. (Example on how to list paint info below -Pure White –SW7005)

Scheme # \_\_\_\_\_ Body (Body color only) \_\_\_\_\_ Trim (Trim color only) \_\_\_\_\_

Garage Door (White or Trim color only) \_\_\_\_\_ Front Door (White or Accent Only) \_\_\_\_\_

**Section 2 - Fences** – May only be wood or white or light tan vinyl only.

Waterfront properties must have non-obstructing fencing only in back yard.

Fences behind home that border the association brick wall must taper down the last 12 feet to meet the brick wall. No fences are permitted on top, next to, or above brick wall. Homes that are behind the brick wall can install white vinyl 4 feet from brick wall and add vegetation 2 feet from brick wall in front of vinyl fence. Guidelines are outlined in handbook. Covered structure fences for pumps, ac units, propane tanks or trash cans may be an L-shaped picket screening (Please refer to handbook), or a fence can be moved up in front to cover the structure, or vegetation can be planted in front to hide road visibility. All options require approval.

Fence Material \_\_\_\_\_ Measurements \_\_\_\_\_ Lot Survey Attached ☐ Sample Photo of Fence ☐
